## United Paw Force Who, How, What, Where, and When

### **Attention Military Communities**

**Who we are** - United Paw Force provides quality, affordable, and insured in-home pet services to military service members and their families located on military Installations. We are led by a team of senior military spouses with a passion to care for animals. We strive to inspire and provide help for other military spouses and family members to be successful in their roles of supporting soldiers and each other. We enable them to further their potential by providing them with job opportunities for self-development and career advancement.

Our company is composed of a diverse team of military spouses and family members across all ranks who are transforming our passion for animals into opportunities for other spouses. We are committed to helping the military community (spouses in particular) flourish in a challenging lifestyle. The employment opportunities generate added income to military families, connections to other spouses, and promote overall well being. We believe in providing transferable work experience, skills, and continued employment opportunities across multiple military installations in support of military spouses.

Our services support military installations, units, and individual service members while keeping the installation and clients home secure. Our teams are aware of current Garrison policies and follow policies set by community housing. Our team members participate in Covid-19 training to ensure we protect our clients, their pets, and ourselves.

**How we operate** - United Paw Force is managed by teams of pet care members that operate within the on-post military community. Our care teams are truly a team. They are there for each other in the event an emergency would inhibit their ability to provide care. Another team member will step in and cover for them to maintain our clients' pets are the top priority.

**What we offer** - United Paw Force offers pet care for service members residing on military installations. We have created a smartphone application (app) on iOS, and Android platforms, that enables clients to set up pet profiles, request services, communicate with sitters, and fulfill payments with ease. Each in-home visit maintains a minimum 20 minute interaction with pets that provide journal entries, video, and/or pictures in order to show the quality of care, health, and well-being of pets.

Services offered:

- |                                             |                                                             |

| 3. 15-minute walks: \$9.00 per dog | 6. 40-minute walks: \$24.00 per dog |

Most pets, but specifically dogs, experience increased stress and mental anguish when routines change and/or they are kenneled in unfamiliar locations. By providing in-home care, the chance of many ailments such as bloat, hypermetabolic state, or illness decrease drastically.

We offer peace of mind by providing an included secondary service of passive home security and maintenance checks. Our service secures packages and mail, turns on/off home interior and exterior lighting, and does visual inspections for priority maintenance issues and will request emergency work orders as required.

**Where we operate** - United Paw Force currently operates at the following installations.

Fort Irwin, CA	Fort Bliss, TX	Fort Hood, TX
Fort Huachuca, AZ	Fort Riley, KS	Fort Leavenworth, KS
Fort Meade, MD	Fort Gordon, GA	Fort Benning, GA
Fort Sill, OK	Scholfield Barracks, HI	

Make sure to check our website for updates on future installations.

**When we operate** - United Paw Force teams provide peace of mind for pet owners and their families during emergency leave, standard leave, pass, training exercises, and garrison duty days. Our visits do not exceed a 10 hour span for dogs to maintain the best care and comfort for our clients pets.

Round Times:

Breakfast 0600 – 0900

Lunch 1130 – 1330

Dinner 1630 – 1800

Night-time 2030 – 2300
